Reading

- In order to support children in all aspects of their learning it is recommended children read for 20 minutes each day
- Reading can be school reading book and reading for pleasure book/ book from home. This could be your child reading to you, you reading to your child, a mixture of both and also just talking about their reading.
- Reading **to** your child can also have a great impact!
- This will be monitored through their AR quizzes
- Visiting the library may encourage your child to read wider.

Accelerated Reader

Accelerated Reader (AR) is a database of over 28,000 quizzes to ensure comprehension of books read.

Children complete the Star Reader test in school, this will let their teacher know a range of books that will be most suitable.

Children using AR choose their own books in their range to read, rather than having one assigned to them. This makes reading a much more enjoyable experience as they can choose books that are interesting to them.

Accelerated Reader

After reading a book, children will take an Accelerated Reader (AR) quiz at school, on a laptop or iPad.

The quiz provides instant feedback to children, teachers and parents. Parents can sign up to HomeConnect to have their child's score sent to them after they complete a test.

We encourage children to get at least 80% on a quiz in order to pass.

If your child does not do well on a quiz, the teacher may help him/her:

Choose another book that is more appropriate.

Ask more probing questions as your child reads and before taking a quiz.

Pair your child with another student, or even have the book read to your child.

Ask him/ her to read the book again and have another go at the quiz.
